## GUIDE FOR SALONS/STYLISTS

Registered Charity Number: 20205850

There is no onus on salons to do the service free of charge or at a discounted rate but those who do generally will only do donations on certain days that suit the salon. Eg. Monday -Thursday.

Hair will be freshly washed and dried so a dry cut to style the hair after will usually suffice.

### STEP ONE

*Check hair to donate is 14 inches or longer and free from permanent colour, bleach or highlights. Hair can be from any gender or ethnicity.*

### STEP TWO

*Check the donors desired length after donation and put the hair in 1 or 2 loose ponytails (depending on thickness)*

### STEP THREE

*Measure the hair from the band to the ends, it must be 14 inches or longer.*

### STEP FOUR

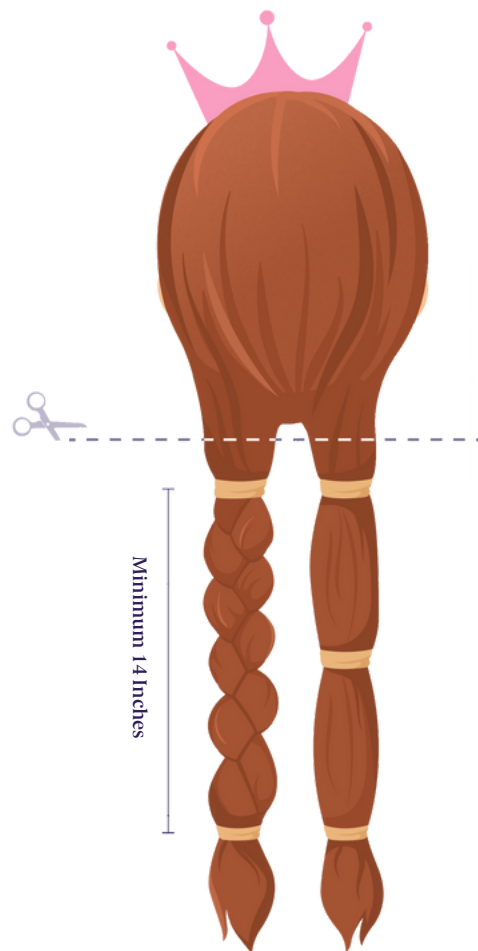

*Donation can be plaited with a band at the top and the bottom or in a ponytail with a band at the top, halfway down and at the bottom. Please ensure bands are secure so they won't come loose in transit.*

### STEP FIVE

*With the donors permission take some pictures to share on social media and tag @rapunzelfoundation*

### NOTE TO STYLISTS

*If the hair is thick, we recommend cutting with a razor rather than scissors.*

#### Cutting

*Do not cut directly above hair tie, leave some space between the tie and cutting line*

#### Measure distance

*Between top & bottom hair ties to ensure length is at least 14 inches.*

#### Ponytail donations

*Please use three hair ties in total to secure.*

#### Plaited donations

*Please use two hair ties in total to secure.*
